Explore our Virtual Campus www.en.virtual-campus.id-teachers.eu

The ID Teachers Virtual Campus has been created as a set of interactive online resources, aimed at providing VET practitioners with a digital educational tool aimed to train them in Learner-centred Instructional Design for micro-learning, preparing them to develop and deliver their own micro-learning courses.

The Campus enables VET practitioners to:

- Enrol in an e-learning course based on a new methodology and content on Learner-centred ID for micro-learning
- Develop their own personalised micro-learning modules to assist the training of VET students and learners.

The screenshot shows the 'COURSES' section of the ID Teachers website. At the top, there are navigation links for 'HOME', 'COURSES', 'LOG IN', and 'REGISTER'. Below this, a search bar says 'Search our courses'. The main content area is titled 'COURSES' and shows three course cards:

- Understanding learner-centered Instructional Design** by Platform Admin. It shows three cartoon characters jumping, has a rating of 10/11, 9 reviews, and is marked as 'Free'.
- Designing Micro-Learning modules** by Platform Admin. It shows a hand holding a smartphone displaying a micro-learning module, has a rating of 10/10, 3 reviews, and is marked as 'Free'.
- Adapting content for Micro-Learning** by Platform Admin. It shows a hand interacting with a keyboard and colorful arrows, has a rating of 8/10, 3 reviews, and is marked as 'Free'.

What does the Virtual Campus offer?

- Full access to a personalised training on Instructional Design core competences
- Modular, self-paced learning, available anytime, anywhere
- Multimedia resources: videos, interactive tasks, real-world case studies
- Reflections and self-assessments to track progress
- Support for practical application in VET settings
- Whether you are just beginning or already familiar with instructional design, the Campus provides a structured, motivating and flexible way to strengthen your practice.

THE VIRTUAL CAMPUS IS LIVE!

Learn at your own rhythm

Each of the 8 Competence Units from the ID Teachers Training Programme is integrated into the platform with:

- Bite-sized lessons
- Hands-on tasks
- Additional resources
- Self-check quizzes and final assessments
- Take control of your professional growth – one micro-learning unit at a time!

AN ONLINE SPACE BUILT FOR VET EDUCATORS

Digital transformation in VET is not just about tools – it's about empowering educators to use them meaningfully. The Virtual Campus offers a realistic, engaging and empowering learning experience, aligned with the daily work of VET professionals.

- Built on Moodle, the Campus is intuitive, multilingual, and fully open-access.
- Ideal for individual learning or as part of institutional training plans.
- Available to educators across Europe – free of charge.
